Registration and permits Registration	1	-	**Awaiting sourced quote**
Total			**Some costs pending**

Assumptions: New equipment, rented shop

How to start

1. **Confirm demand**
   Visit nearby shops and schools and ask what bread they buy, how often and at what price.
2. **Register and check permits**
   Register the business name and check food handling requirements for your area.
3. **Secure premises**
   Find premises with suitable power, water and drainage for food production.
4. **Buy and install equipment**
   Buy the oven and mixer and arrange training from the supplier.
5. **Test, cost and price**
   Test recipes, cost each batch and set selling prices.

Prices change. Confirm costs with sellers before you pay. Reviewed 3 Nov 2026.
